Burris Computer Forms® receives high performance evaluation at Open Ratings

Dun and Bradstreet's Open Ratings ranks companies based on their past performance. In Open Ratings' description of their rating service:

Supplier Performance Ratings - Provides the supplier's Overall Performance Rating, which is an assessment of likely overall performance, and a SIC-level benchmark, which indicates where the supplier's Overall Performance Rating falls in comparison to other rated companies in its SIC group. It also provides Detailed Performance Ratings for key aspects of supplier performance.

A press release issued by D&B's Open Ratings can be seen [here](#)

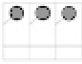

We want to sincerely thank our customers who provided D&B's Open Ratings with the positive feedback.

SIC: Standard Industrial Classification
Open Ratings is a service of Dun and Bradstreet

Make spring cleaning in your warehouse easier

When your shelves are 10 or 20 or 30 feet high and you need a forklift to stock the shelves, it really is nice to be able to tell what the boxes on the top shelf are when you are searching for something particular. Or, use label sheets to tell which customer those boxes belong to.

- Color code shelves for separating storage racks or bins
- Color code boxes for identifying product specifics
- Color code boxes for identifying customers
- Print your own signs for use within the warehouse
- Print a lot or print a few, whatever you need
- Organize your warehouse
